PROJECTS

Chat App
- Instant messaging web application that allows for real-time one-on-one chats. Features include authentication and in-app profile picture editing.
- Built with React, Node.js, Express.js, Socket.IO, MongoDB, and Firebase.

Text Editor
- Allows for creation and editing of plain text files. Supports text wrapping as well as common shortcuts including undo and redo.
- Implemented a doubly linked list for constant time character insertion.
- Built with Java, JavaFX, and Eclipse

EXPERIENCE

Premier Vision Care Optometry   **Mar 2020 – Oct 2023**
Optometric Assistant   Lomita, CA
- Streamlined patient correspondences by creating templates for documents and emails.
- Interfaced with patients, labs, and insurance companies to fulfill prescriptions and information requests as well as resolve billing issues in a timely manner.
- Facilitated patient care by operating diagnostic technologies, filing insurance claims, bookkeeping, and maintaining patient medical histories.

DOSU Studio Architecture   **Nov 2020 – Dec 2020, Nov 2021 – Dec 2021**
Studio Assistant   Rolling Hills Estates, CA
- Sanded, spray painted, and assembled over 6000 pieces of thermobimetal for an installation at California State University, Long Beach to showcase auto-shading window technology.

The Daily Californian   **June 2017 – May 2019**
Assistant Photo Editor/Senior Staff Photographer   Berkeley, CA
- Co-led team of 30-40 photographers to produce photos of local developments.
- Collaborated across 8 editorial departments to create impactful visual content.
- Covered 50+ assignments including concerts, protests, and collegiate sports.
